Therefore, the childbearing woman should sit, kneel, squat 39 or -as Fontecha recommends for buxom women- be on all fours while delivering She had to be sustained by her assistants, normally two women, who held her under the armpits The person who held her from behind could also be a man with the woman slinging her hands around his neck However, while praising the advantages, he attributes its use mainly to French, German and Italian midwives InRuices de Fontecha mentions both methods, birth with or without a stool Neither doctors nor midwives seem to have insisted on one specific method. The music stopped with an effect of shock, and all the bobbing, whirling figures became walking glories. But what you yourself understand, can and does develop irrepressibly, as it is through application and experience made concrete and practical.
